

Sanitized - Approved For Release : CIA-RDP62S00231A000100100122-8

Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Industrial Division

DATE: 3 March 1958

FROM : Chief, Guided Missiles Branch

SUBJECT: Monthly Report, February 1958

1. Accomplishments:a. Branch Projects Submitted: None ✓b. Other Projects Submitted: None ✓c. Special Research: 37 hours ✓d. Other:

(1) A coordinated OSI-ORR paper was submitted revising the IPC target listing for guided missiles. ✓

(2) Branch support was provided for four regular or special meetings of GMIC and/or GMIC subcommittees. ✓

(3) Four branch projects were initiated during February (Project Nos. 37.2069, 37.2070, 37.2076, and 37.2080). *

(4) One I/GM analyst continued full-time support to DD/P. Through this channel I/GM and other ERA branches developed several special requirements as well as continued long-term planning support. ✓

(5) A considerable effort was devoted in February to planning the research of the augmented branch, as well as supporting research in other ERA branches, for FY 1959. This planning was undertaken in preparation for the formal FY 1959 research program and in support of certain DIOR Committee considerations. *

(6) Arrangements have been made for representatives of the Air Technical Intelligence Center to brief CIA personnel on certain intelligence data processing activities of ATIC, probably during the week of 10 March 1958. ✓
